Our Services

Brett Communications Ltd. takes pride in advancing PR & Communications services that meet clients expectations, time, budget & business goals. Through its collaborative team of experienced, practical & creative professionals. We offer the following range of services:

Public & Investor Relations

We focus at building relationships with your publics and enhancing the value of your company's stocks. We enhance shareholder confidence to make your stocks attractive to financial analysts, individuals and institutional investors.

Some of the services we offer include:

- Community Relations
- Design & Printing of Annual Reports
- Investor Briefings
- Investor Audit
- Plan and Organize Annual General Meetings

Advertising

To reach your target market, we utilize this communication by creating effective and trendy advertising campaigns. We offer competitive rates for: Indoor, Outdoor, Print and Electronic advertising campaigns.

Media Relations

We ensure that your company receives extensive media coverage. We have strong and reliable contacts due to our well established database of recognized and reliable journalists in the mainstream media.

We plan & manage:

- Press conferences
- Schedule Interviews and features
- Write, publish and disseminate press releases and media advisories.

Corporate Communications

By creating integrative approaches to all your publics, we will propel their understanding of your organization. It creates and maintains beneficial relationships between you and your various shareholders.

Events Management

We anchor events on a theme to communicate to your target audience. We organize both indoor and outdoor events including Exhibitions, Conferences, Product & Service Launches, Gala events and Staff Parties, among others.

Corporate Social Responsibility (CSR) Management

We assist organizations to effectively manage and organize Corporate Social Responsibility events such as:

- Community development activities
 - Visits to disadvantaged groups in our society
 - Environmental Preservation
-

Creative Design / Production

We develop elegant design works that propels your corporate image to communicate and position your organization in your target market mind. These includes: Print communication collateral like magazines, brochures, fliers among others and digital production like documentaries, films among others.

Studio Services

Our state of the art media and production facilities are well equipped right from the recording and editing suites where trained, creative and experienced producers handle our clients' projects.

Brand Management

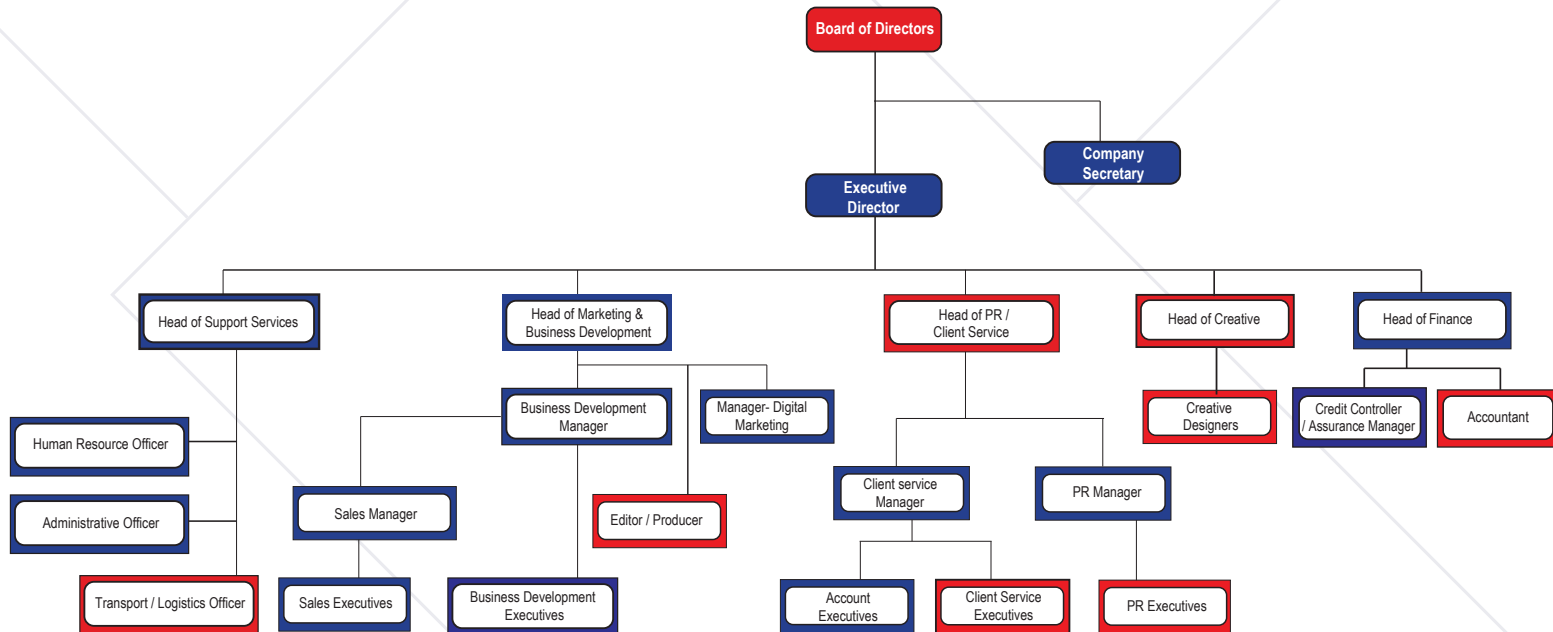

To build and manage your brand, we will develop creative and strategic activities to oversee the development and growth of your corporate brand. These include: Image management, production of promotional materials among others.

Crisis & Strategic Issues Management

We provide the skills and techniques required to identify and respond to public policy issues and access, understand and cope with any crisis, from when it first occurs to the point that recovery procedures are established.

We also assist organizations through training on disaster preparedness and management giving a step-by-step guide on how to handle communication during crisis.
